

Consumer Price Index in the Month of Ordibehesht of the Year 1397¹

Reduction in the Nation's Households Inflation Rate

The general index (base year 1395=100) stood at 114.1 in the month of Ordibehesht² (21 April- 21 May, 2018) of the year 1397 indicating a 1.1 percent rise compared to the previous month. In this month, the general index percentage change is 8.3 percent compared to the corresponding month of the previous year, that is to say that if the “**same range of goods and services**” was purchased by the nation's households, on average, 8.3 percent higher than the month of Ordibehesht in the year 1396 would be spent. These **goods and services** increased by 1.3 percentage points over the previous month (7.0 percent). The twelve- month inflation rate ending to the month of Ordibehesht of the year 1397 reached **8.0 percent** which decreased by 0.1 percentage point over the same information in the previous month (8.1 percent).

The CPI for the major group of "food, beverages and tobacco" and for the major group of "non-food and services" increased by 0.8 and 1.2 percent compared to the previous month, respectively. The twelve -month inflation rate ending to the month of Ordibehesht of the year 1397 for these two groups are 10.6 and 7.1 percent respectively.

Increase in the Nation's Urban Households Inflation Rate

The general price index for the country's urban households in the month of Ordibehesht of the year 1397 stood at 114.1, showing a 1.1 percent increase compared to the previous month. Percentage change of the general index is 8.6 percent compared to the corresponding month of the previous year and the **twelve month inflation rate** ending to the current month for these households is 8.1 percent.

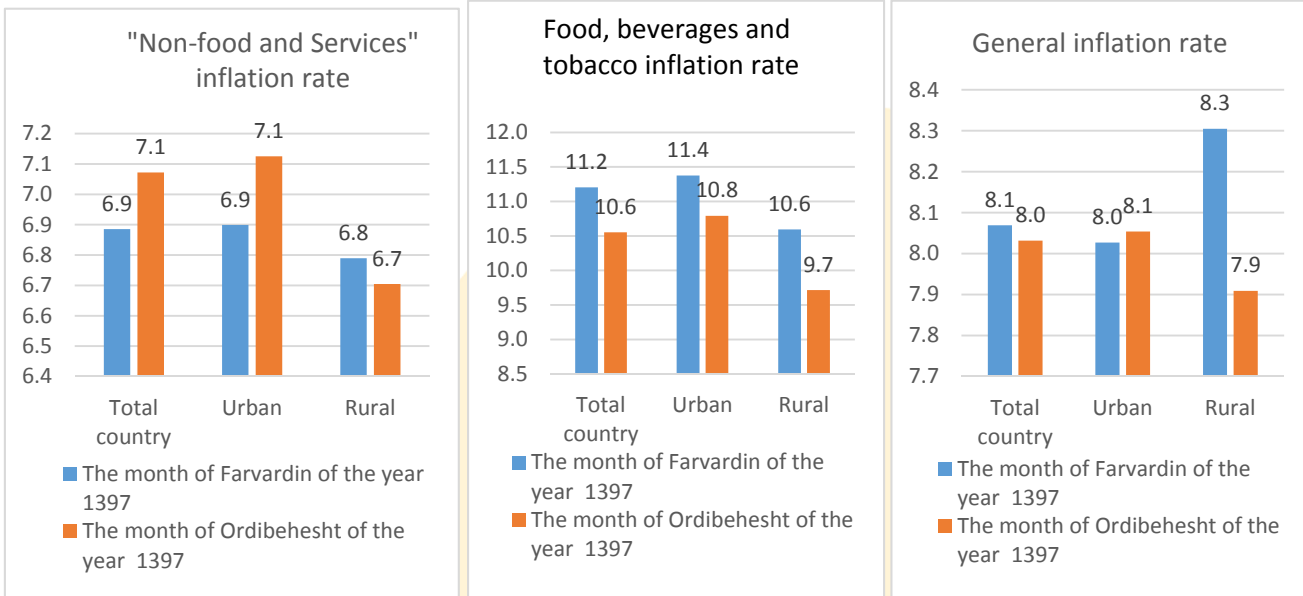

¹It is the Iranian year which usually begins on the day of 21 March of the Gregorian calendar. To find the corresponding year of the Gregorian calendar, add 621 or 622 (depending on the time of the year) to a [solar Hijri](#) year. For example the corresponding year of the year 1397 in the Gregorian calendar is (21 March 2018-20 March 2019).

2 Iranian months and their equivalent in Gregorian calendar

Farvardin (21 March-20April)	Mehr (23 September-22 October)
Ordibehesht (21 April-21 May)	Aban (23 October-21 November)
Khordad (22 May-21 June)	Azar (22 November-21 December)
Tir (22 June-22 July)	Dey (22 December-20 January)
Mordad (23 July-22 August)	Bahman (21 January-19 February)
Shahrivar (23 August-22 September)	Esfand (20 February-20 March)

Drop in the Nation's Rural Households Inflation Rate

The general price index for the country's rural households in the month of Ordibehesht of the year 1397 stood at 114.0, indicating a 0.9 percent increase compared to the previous month. Percentage change of general index is 6.6 percent compared to the corresponding month of previous year, and the **twelve month inflation rate** ending to the current month for these households is 7.9 percent.

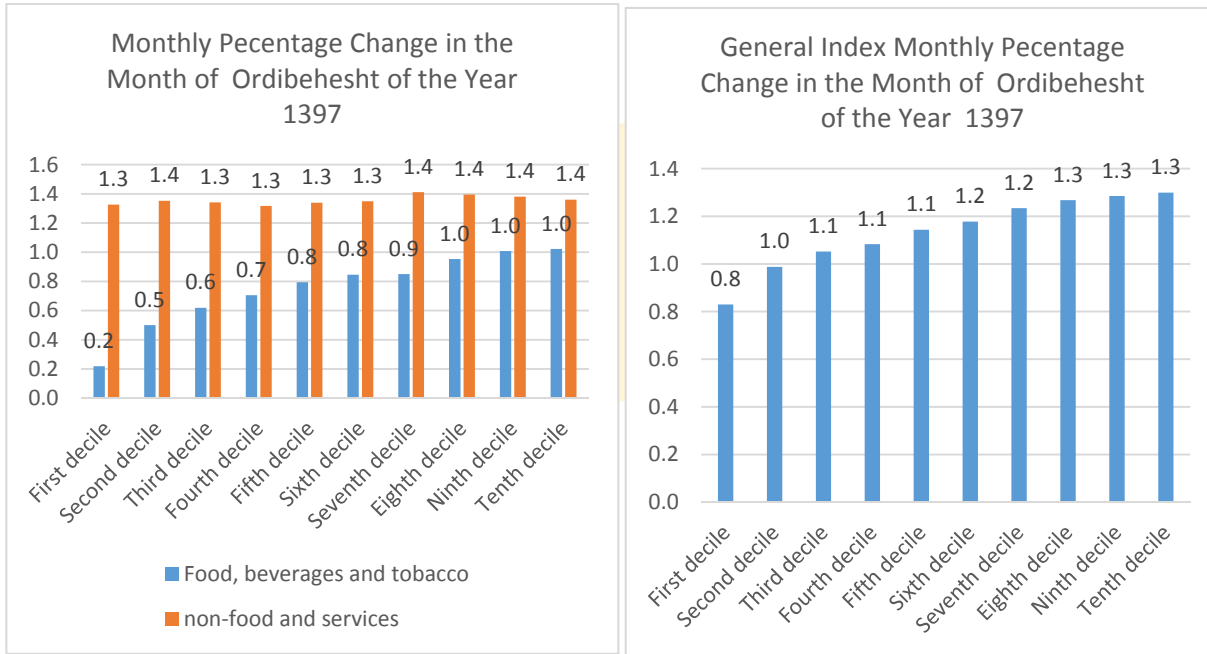

Price Changes in the Current Month

In the major group of "food, beverages and tobacco", the highest increase of prices belongs to sheep meat, banana, lettuce, celery and zante currants compared to the previous month. In the major group of "non-food and services", the highest increase of prices goes to 18 karat gold, mobile phone and computer accessories compared to the previous month.

In the major group of "food, beverages and tobacco", the highest reduction in prices is for tomatoes, potatoes and cucumbers compared to the previous month. In the major group of "non-food items and services", there was not a sensible price decrease.

Price Index Percentage Change in the Total Country Expenditure Deciles in the Current Month

The range of twelve -month inflation rate ending to the month of Ordibehesht of the year 1397 for various deciles is fluctuating between 8.3 percent for the fourth decile to 7.9 percent for the tenth decile (those with the highest income). Graphs of the index percentage change for various expenditure deciles in general index and in the major groups of "food, beverages and tobacco" and "non-food items and services" compared to the previous month are shown as follows:
