# Political Affairs

### *Introduction*

The statistics presented in this chapter consist of statistical information on different presidential rounds, number of electorates and number of voters in various presidential, the Islamic Consultative Assembly, Islamic City and Village Councils election rounds as well as information on the foreign diplomatic missions in Iran.

The first political statistics on the government's diplomatic missions in various countries, number of valid treaties signed with other governments and number of National Consultative Assembly members have been collected since the year 1348 from the Ministry of Foreign Affairs, the Institute for Social Studies and Researches, National Consultative Assembly and Ministry of the Interior. These data have been included in Iran Statistical Yearbook. Moreover, dissemination of these data continued until the year 1357. After the victory of the Islamic Revolution (in the year 1357), the data pertaining to different diplomatic missions of the Islamic Republic of Iran in various countries, the foreign diplomatic missions in Iran, international organizations in which Iran is a member, the list of the ratifications of the Islamic Consultative Assembly and the list of bills and plans not approved by the Islamic Consultative Assembly, etc. would be collected and disseminated and also included in the Statistical Yearbook till the year 1362. After that year, the information on political affairs was published in a separate chapter in the Yearbook in a centralized manner. However, as a result of continuous follow-ups in the year 1387, the statistics on this section were collected from the Ministry of Foreign Affairs

and the Ministry of the Interior and appeared in the 1386 Statistical Yearbook.

It should be noted that although Table 25-12 does not provide statistical information, owing to some needs for the nation's political information, it is presented in this chapter.
