

Introduction

Welfare and social security activities are carried out as supportive (non-insurance) and insurance services by several government and non-government organizations and centres. However, due to the inaccessibility of data on non-government organizations, this chapter presents only statistical information on services rendered by major government organizations, excluding services rendered by non-government centres supervised by the State Welfare Organization.

It should be mentioned that since the year 1391, the name of the Medical Services Insurance Organization has renamed Iran Health Insurance Organization.

A. In the year 1359, all the concerned organizations were merged and a new state welfare organization aimed at enhancement of rendering rehabilitation, supportive, and prevention of disability and social problems services and assisting in providing the least basic needs of low-income groups, was formed. The data on welfare activities, prepared by the related departments, have been presented in Iran Statistical Yearbook since the year 1345.

R. of Iran since the year 1360. The statistics on its activities have been collected and released in the Iran Statistical Yearbook since the year 1345.

B. Insurance services: These services which are based on the contributions from the insured person, employers and the government, are provided in different forms, including medical, retirement, disability, unemployment, work-connected accidents, death and prenatal insurances as well as family allowance. Organizations active in this area are as follows:

By establishing the Social Security Organization in the year 1354, the number of insured groups and types of insurances rose increasingly. Data on this area have been compiled and included in the statistical yearbook since the year 1345.

2. Iran Health Insurance Organization

The Organization was established according to the General Medical Services Insurance Act approved in the year 1373. Related register data have been accessible since the year 1374. Prior to the establishment of the Organization, the "Medical Services Insurance Act for Government Employees" had been approved in the year 1351 and was enforced by the Ministry of Health in the year 1353.

3. Farmers, Villagers, and Nomads Insurance Fund:

This Fund started to work in the year 1384 in order to provide the public with easily accessible and suitable social insurance services. The statistics of this Fund was first published in the year 1386.

4. Civil Servants Pension Fund

The activities related to retirees' affairs and providing retirement services would be done by ministries and organizations during the years 1301 and 1305; however, statistical data on retirees and pensioners covered by the "Civil Servants Pension Fund" were first released in the year 1350.
