1. Including Ghonche Helal (the name of a young people group), labour, scholars of religious science, university students, school students, free and scouting groups.

2. People who have financial contributions to society.

3. People who provide services and include participation, guiding, supporting, and skill groups.

4. The decrease in the number of people compared to the previous year is due to the development of a new database for members, volunteers, and aid workers of the Red Crescent Society and collecting data from each of them and gradual data entry in the newly developed system. With more data entry, the number of people in the following years will increase.

5. In this year, the number of volunteers was included in "Members".
